

# Path for Career

2018-1-RO01-KA204-049513

Co-funded by the  
Erasmus+ Programme  
of the European Union

## Path 4 Career

## PRESENTATION

### Path for Career

**Path for Career** is a European project approved under the Erasmus + program, included in KA2 - Call 'Strategic Partnership for Innovation in the field of Adult Education'.

The main objective of the project is to find solutions to accelerate the insertion of graduated adults and achieve professional development goals by harmonizing the skills of graduates with the skills that companies seek in the labor market.

Other objectives of the project are:

Improve the skills of the trainers of the partners' organizations so that they can offer quality training in the management of social skills at a professional level

Develop social skills and self-management skills for the professional development of university graduates.

Develop a European network of organizations involved in adult education.

## IMPLEMENTATION

### I

SEP is in charge of the coordination of the project and the elaboration of the methodological part of the chapters of the PATH FOR CAREER guide

### II

MBM hosts the first training activity and develops the contents of the module I "Proactive Career Management"

### III

UCAM hosts the second training activity and develops the contents of the module II "Soft Skills at Work".

### IV

Essentia UETP hosts the third training activity and develops the contents of the module III "Internship - a step in your career"

### V

INTERACTIVE4D creates the game "Plan Your Career" for the module "Proactive Career Management" and the game "Work in Team" for the module II "Soft Skills at Work".

### VI

AcrossLimits coordinates the dissemination activities of the project and develops the game "Recruit with Your Boss" for the module III "Internship - a Step in Your Career"

# FINAL RESULTS

The main technical result is the design and development of a complex educational tool "Path for Career" (consisting of 3 chapters associated with 3 educational digital games), which is an innovation in the field of career guidance

## Other expected project results

Improving the skills of 16 partner organization trainers to deliver quality training in career management, soft skills (complex problem solving, critical thinking, people management, coordination with others, analysis and decision making) and internship for graduates.

Developing soft skills and career management skills for 90 higher education graduates by using intellectual output to help them get a job and career progression.

## International Project Office OPRI

The International Project Office (OPRI) is an office linked to the Vice-rectorate of Research, responsible for the management of international research projects at UCAM. The OPRI was founded to strengthen the collaboration between our partners all around the world in the field of research and education. The unit was established in 2012 and has built strong alliances in 38 countries in which the university has to date participated in more than 100 projects. The internationalization of the Catholic University of Murcia, through the OPRI, is directed towards all of the university community, researchers as well as students. Close to a 1000 students have participated already in projects in a variety of countries all over the continent.

Currently UCAM is leading international projects such as "LIFE Clean Up" (LIFE), and "LIVERUR" (H2020). UCAM has also been awarded a postdoctoral Marie Curie with the project "POCBIOPEP" related to the study of cellular markers in blood from the intake of Pork Cured BIOactive PEPTides. Likewise recognized by European institutions for its work in research and management of sports projects, UCAM is coordinating the projects "ESLP" and "LifeAge" within the call Erasmus+ Sport.

UCAM considers the international communication as the key for its growth and in achieving great results together with the advancing contribution in all scientific areas.

With the OPRI, UCAM is aligned with the R&D policies of the European Union and the Ministry of Science and Innovation.
