

Internship - a step in your career

- learning activity and exchange of good practices -

Between 8th-12th of July 2019, took place in Salerno the third learning and exchange of good practices activity organized by Essenia UETP. The activity, which was attended by 16 trainers of the 6 partners, aimed to improve the skills needed to conduct training for adults to develop their skills to choose and access an internship relevant to their career.

The methodology applied during the 5 days of training was a practical and participatory one, based on case studies, simulations, exchange of good practices and problem solving.

The results obtained from the activity were:

- improving skills in advising graduates to choose an internship relevant to their career
- knowledge of the possibilities for graduates to gain work experience in the EU in accordance with their qualifications
- understanding the requirements of companies that organize internships
- understanding the needs of graduates
- elaboration of the structure of the chapter "Internship - a step in your career"
