

THE MULTIPLIER EVENTS IN ROMANIA

For the dissemination and transfer of project results, the SMART EDUCATIONAL PROJECTS Association organized in Târgu Jiu 2 multiplication events. These events were attended by teachers and students from several universities in the country: University of Bucharest, Polytechnic University of Bucharest, "Lucian Blaga" University of Sibiu, West University of Timisoara, University of Agricultural Sciences and Veterinary Medicine of Banat "King Mihai I of Romania" from Timisoara, "Constantin Brâncuși" University of Târgu Jiu, "Titu Maiorescu" University. Because the results of the project have a high degree of transferability to the school and youth, were also invited representatives of institutions involved in these segments of education: DJTS Gorj, CCD Ilfov, CCD Gorj, Library "Christian Tell" in Tg Jiu and other libraries in Gorj county.

The program of the event included the presentation of the new Erasmus + Program, information on implementation activities and project results. The participants had the opportunity to know the PFC Guide, to test the educational games and to join the network of organizations that will implement and use these results in the current activity.
